

PRESS RELEASE – APRIL 2009

Take the fun route to reading with *Teaching Syllable Patterns: Shortcut to Fluency and Comprehension for Striving Adolescent Readers!*

Includes CD!

Replace ineffective drills with easy-to-do games and activities that fit into any teacher's busy day and help striving adolescent readers achieve automaticity in decoding the six basic English syllable patterns. This flexible approach can be used with intensive and regular reading classes, as well as language arts classes at intermediate, middle-school, or high-school levels. *Teaching Syllable Patterns* meets your Response-to-Intervention goals while engaging learners:

- Use skill-targeted openers to get an initial Tier 1 assessment of students' needs.
- Continue with mini-lessons, games, and activities for individual support at Tier 2 and 3 interventional levels.
- Monitor progress with chapter tests, and determine success after individualized instruction with the final assessment.

Easily differentiate instruction in any classroom where literacy is the goal and time is short. The included CD has all of the reproducibles, assessments, and color game materials needed for every lesson.

About the Authors

Lin Carver is a professor at Walden University in the master's Early Reading and Literacy program. She also serves as the reading specialist at Gulf Middle School in New Port Richey, Florida and the Online Facilitator for Florida Online Reading Professional Development at the University of Central Florida. She earned her Ph.D. in Literacy from Walden University. Lauren Pantoja is a reading coach at Sunlake High School and a literacy instructor for English language learners, both in Pasco County, Florida. She is also an online reading facilitator with the University of Central Florida. Lauren has been an educator for more than 30 years. She received her master's degree from Webster University.
